

Grinding Supervisory Manager

COURSE AIMS

This course is intended to provide delegates with the underpinning knowledge and skills necessary to undertake the duties of a Grinding Supervisory Manager.

LEARNING OBJECTIVES

At the end of this course the delegates will: -

- Be able to identify and carry out full survey, including assessment of site requirements prior to completing 'short' RCF hand grinding corrective action
- Have the ability to mark up sites that will require 'short' RCF hand grinding
- Be able to interpret both Track Inspection and Ultrasonic reports relating to RCF sites
- Be able to demonstrate an understanding of track geometry
- Have a clear understanding of the relevant Group Standards, Line Specifications and Codes of Practice relating to RCF hand grinding
- Be able to identify and prepare reports for remedial maintenance work required prior to grinding railhead
- Understand the Interpretation of u15 reports
- Have the competency to assess that the finished product meets the requirements of HG1

COURSE DURATION

Two days plus one day assessment.

PRE-REQUISITES

There are no particular educational pre-requisites for the course. However, the following is required: -

- Delegates MUST be instructed and deemed competent in NR/L2/TRK/0053 Inspection & Repair to Reduce the Risk of Derailment at Switches".

PERSONAL PROTECTIVE EQUIPMENT

This course requires the delegate to be on or near the running line and therefore, he/she MUST be in possession of: -

- Valid P. T. S. Card
- Protective "all orange" High Visibility Clothing to BS EN 471:2003
- Safety Footwear to BS EN ISO 20345:2004
- Safety Helmet (white/blue) to BS EN 397:1995
- General Purpose Gloves to BS EN388:2121

CERTIFICATION

A Certificate of Competency will be awarded to the delegate on successful completion of both an underpinning knowledge and practical on-site assessment.
